

Ordinance 20-005

An Emergency Ordinance to Address a Public Health Crisis by Implementing Certain Measures Which Have Been Deemed Necessary to Slow the Community Spread of Coronavirus (COVID-19).

Whereas, the City of Brookings has the authority pursuant to SDCL 9-29-1 and SDCL 9-32-1 to pass ordinances for the purpose of promoting the health, safety, morals, and general welfare, of the community, and to do what may be necessary for the promotion of health or the suppression of diseases; and

Whereas, an outbreak of the disease COVID-19, which is caused by the novel coronavirus, has been confirmed in more than 100 countries, including the United States; and

Whereas, COVID-19 is a severe respiratory disease transmitted by person-to-person contact, or by contact with surfaces contaminated by the virus. In some cases, especially among older adults and persons with serious underlying health conditions, COVID-19 can result in serious illness requiring hospitalization, admission to an intensive care unit, and death; and

Whereas, the World Health Organization (WHO), the Centers for Disease Control and Prevention (CDC), and the Secretary of the U.S. Department of Health and Human Services have declared the outbreak of COVID-19 as a public health emergency; and

Whereas, on March 13, 2020, President Donald Trump declared a national emergency in response to the global pandemic of COVID-19; and

Whereas, on the same day, Governor Kristi Noem, issued Executive Order 2020-04 which declared a state of emergency to exist in the State of South Dakota in response to the spread of COVID-19; and

Whereas, cases of COVID-19 have been confirmed in South Dakota; and

Whereas, the CDC and health experts have recommended social distancing to slow the spread of COVID-19; and

Whereas, social distancing is a method of slowing down or stopping the spread of a contagious disease by reducing the probability of contact between infected persons and those not infected in order to minimize disease transmission; and

Whereas, in response to the need to implement social distancing, all schools in the State of South Dakota have been closed for at least two weeks; and

Whereas, on March 16, 2020, the White House issued guidance recommending that social gatherings of more than ten (10) people be avoided, and that people avoid eating or drinking at bars, restaurants and food courts; and

Whereas, the guidance issued by the White House further recommended that in states with evidence of community transmission, bars, restaurants, food courts, gyms, and other indoor and outdoor venues where people congregate should be closed; and

Whereas, many states and communities across the country have already implemented the White House recommendations by ordering all bars, restaurants, food courts, gyms, and other indoor and outdoor venues where people congregate be closed until the public health emergency is over; and

Whereas, the failure to successfully implement social distancing will likely result in higher numbers of infected individuals and has the potential to overwhelm the capacity of the City's health care providers; and

Whereas, it is important that control measures be taken to reduce or slow down the spread of COVID-19 in order to protect the health and safety of the City's residents, especially for seniors and those with underlying health conditions that make them particularly vulnerable to COVID-19; and
